MILES FOR MILLIONS

Are you beginning your conditioning for the "Miles for Millions" walk this year? The committee has begun the planning for the mass march to be held on May 8th, 1971. This date coincides with the dates of the International Walk in which the following countries have agreed to participate: Argentina, Australia, Belgium, Canada, Dahomey, Eire, Finland, France, Germany, Ghana, Italy, Kenya, Netherlands, New Zealand, Norway, Peru, Philippines, Spain, Sweden, Uganda, United States and Zambia. Discussions are under way with Ceylon, Cyprus, India, Malta, Pakistan and Thailand. So you will be in good company around the world. Why don't you assist in improving the environment as well as getting into practice by walking to work?

"UNIVERSITY CHALLENGE"

The "boys with the brains" who are putting UVic in the national spotlight by winning consistently on the television program "University Challenge" will be going east again on February 19th for their last two tries at hitting the jackpot. Eight games have been played and seven have been seen locally. Unfortunately they are only allowed ten games or their winning ways might go on indefinitely. Congratulations and best wishes to Rob McDougall, Bruce Izard, Dennis Johnson and Glen Paruk. Be sure to watch them on Sundays at 5 p.m. on CTV, channel 8.

FACULTY CLUB FAMILY DINNERS

There will be no family dinners at the Faculty Club on the following dates: February 19th and March 12.

FACULTY NEWS

Dr. Gerald Moreau (French) has signed a contract with a Montreal publisher for the publishing of a book on Canadian novels, which is expected off the press next spring.

Dr. Wilburn W. Newcomb (Music) is the author of an article on Elizabethan composer "William Byrd" in the recently published three volume French encyclopedia Dictionnaire de la Musique.

Dr. H.W. Dosso (Physics) attended the meeting of the C.A.P. corporate members held at the Bell-Northern Research Laboratories in Ottawa, February 5, 1971.

Dr. M.J. Ashwood-Smith (Biology) is to visit the Universities of Harvard, Georgetown and Wisconsin; and the research laboratories of the American Red Cross and the New York Blood Centre during February 20-28, for discussions on blood preservation. He will lecture at the American Red Cross and Georgetown University.

Dr. S.R. Clark (Mathematics) gave a seminar on "The Computing Science Program at the University of Victoria" at the Defense Research Establishment Pacific on February 3.

The annual meeting of nuclear physicists from the western universities will be hosted by the U. of Calgary at Banff, February 19-21. A number of members of the Physics Dept. will be attending the meeting, and a TRIUMF Meson Users meeting which follows.
